

To better serve the public and to be in line with the SAR Government’s principle of providing “one-stop” services, IPIM has now set up a new service counter for the renewal of temporary residency applications. Applicants may choose to pick up their “Notification of Approval of Temporary Residency Renewal” (hereafter referred as the “notification”) on the ground floor of the Centro de Serviços da RAEM (address: 52, Rua Nova da Areia Preta) in Areia Preta by presenting their identification documents, then directly proceed to the Immigration Department and the Identification Services Bureau located in the same building to apply for the “Receipt of Residence Authorization Renewal” and the renewal application for the Macao Resident Identification Card.

After lodging an application, the Procedures for receiving the notification, applying for the “Receipt of Residence Authorization Renewal” and renewing the Macao resident identification card for temporary residency applicants are as follows:
