While every effort is made to ensure the accuracy of information, IPIM will not be held responsible or be liable for failing to guarantee the accuracy of any information provided, nor for any damage caused by inaccurate information or omissions.
- IPIM reserves the right to assess the eligibility of the Eligible B2B E-Commerce Platforms.
- Existing B2B E-Commerce Platform service providers may write to IPIM to apply for an assessment as Eligible E-Commerce Operator. The application will be considered according to the following criteria:
 - Background and business operation of the company.
 - Website's involvement and relevance to economy and trade.
 - Details and charges for the services.
 - Monitoring and management of intellectual property rights.
 - Operation of the interactive platform on the internet.
 - Customer credit assessment mechanism.
 - Sample of existing contract signed between the website and general customers.
- IPIM may consider other relevant factors other than those mentioned above and reserves the right to add or cancel any website on the List of Eligible B2B E-Commerce Platforms.
